

Librarian's Report

Headingley Library turned 25 in 2018! I feel privileged to have been Librarian during this auspicious year, following in the footsteps of the dedicated, determined and innovative librarians who came before me and established this institution. The library anniversary coming only one year after the 25th anniversary of the municipality speaks volumes about the importance of a library to the citizens of Headingley. This community provides amazing support.

We celebrated our 25th anniversary with a family day for the community. We had a big tent with a lunch catered by The Gates on Roblin, a bouncy castle and games for the kids.

One of the initiatives which garnered major participation from the community organizations was the time capsule, which sits in front of the south-east corner of the library. Everyone from the nursery school, daycare and school aged patrons to seniors, the historical society and even a local book club contributed items to be opened at the 50th anniversary celebration. Many of the attendees enjoyed reviewing the material provided prior to the closing of the capsule.

The library continues to evolve and grow. We hosted our first author visit in September, which received a great response from the community. We also planned and implemented some makerspace activities for the 8 and up age group. These were also very successful. Both initiatives will continue as we expand our programming and outreach.

2019 marks the beginning of our next 25 years!
