

Quarantine for Returned Items:

Due to a further study (this is now test 4) by The Realm Project (Reopening Archives, Libraries and Museums) we will be increasing our quarantine period for all returned library materials to one week.

“Results show that after six days of quarantine the SARS-CoV-2 virus was still detected on all five materials tested. When compared to test 1, which resulted in nondetectable virus after three days on an unstacked hardcover book, softcover book, plastic protective cover and DVD case, the results of Test 4 highlight the effect of stacking and its ability to prolong the survivability of the SARS-CoV-2 virus.”

Items MUST be returned in the drop box and will not be checked in for 1 week after being returned. No overdue fines will be charged during this time.
